Or
reu@case.edu

Participants must be U.S. citizens or permanent residents, undergraduates in good academic standing and majoring in physics or a related field. Underrepresented minorities and students from institutions with limited research opportunities are particularly encouraged to apply.

Benefits:

- Participation in a cutting-edge research project mentored by a notable researcher
- Immersion in summer professional, cultural and social activities with other undergraduate researchers
- \$4000 stipend
- Free housing
- Travel expenses
- Per diem allowance

sponsored by the National Science Foundation
